ULTRAPREP TLC

LABEL INSTRUCTIONS

Product Description & Directions for Use:

Ultraprep TLC is a premium concentrated mild pH pre-conditioning formula suitable for use on most carpets, subject to pre-testing. Ultraprep TLC penetrates and removes grease and soil and rinses easily. High concentrate 1:33 dilution delivers cost-effective high quality cleaning and low vapour formulation reduces solvent vapours and odours during cleaning.

For professional and industrial use only.

Do not allow product to freeze.

Shake well before use.

General soil: Mix 30ml. Ultraprep TLC per litre of water (1 to 33).

Heavy soil: Mix 50ml. Ultraprep TLC per litre of water (1 to 20).

Always pre-test carpet for colour fastness with diluted solution before proceeding.

Apply by sprayer to soiled areas, agitate with brush where required then allow 5 to 15 minutes dwell time. Do not allow to dry.

Extract with Prochem extraction detergent or B109 Fibre & Fabric Rinse solution.

- High concentrate carpet prespray with low vapour minimum residue formula
- New improved triple surfactant system for broad-based soil removal with low VOC solvent content
- Powerful formula with mild ready-to-use pH.
- Suitable for all carpet types, subject to pre-testing.
- Contains encapsulating detergent polymers for maximum cleaning power and re-soiling resistance.
- New formula green liquid with mintfresh fragrance.

pH Concentrate: 11.2

pH Diluted: 9.4
